

Missy Bleu

Quilt-as-you-go

by Jean Impey

Materials

To ensure a seamless and creative experience, please assemble the following materials and tools for our class:

1. **Precut Batting Squares:** You'll need 12 precut batting squares, each measuring 15 inches by 15 inches.
2. **Cotton Thread Selection:** Bring along several colors of cotton thread. This allows you to experiment and decide on your accent color thread, or you can explore the use of variegated thread for quilting details.
3. **Fabric Assortment:** Prepare a variety of fat quarters and fabric scraps in both light and dark shades. It's recommended to have at least 2 dozen or more pieces to ensure creative freedom.
4. **Square Ruler and Rotary Tools:** Don't forget to bring a large square ruler and a sharp rotary knife with a cutting mat. These tools are essential for squaring up your blocks to a precise 14 inches by 14 inches.
5. **Basic Sewing Supplies:** Ensure you have your favorite basic sewing supplies, including scissors and pins, ready for use.

With these materials and tools at your disposal, you'll be well-equipped to create your quilt blocks and make the most of our class.

**Fat quarter = 18" x 20*
