

FEATHERWEIGHT MAINTENANCE CLASS SUPPLY LIST

Maria Hedrick, Instructor

February 15, 2024

1 to 4 pm

- Featherweight machine and foot pedal
- A towel or mat for under the machine as you will be turning it over and on its side
- Both a flat head and Phillips head screwdriver; one needs to be short enough to get the plate around the feed dogs off
- A towel or paper towels to wipe grease off your hands (some machines may be greasy)
- Sew Retro Grease and Oil (available for purchase during the class)
- Cleaning brush (available for purchase during class)
- Thread and fabric to do some stitching once the service is complete
- Paper to take notes
- There may be some parts needing replacement such as bad feet, bulbs, belts and foot pedal feet which can be purchased during class

Highly recommended but not required and available for purchase during class:

Featherweight Maintenance Book
