

BIOGRAPHY-CINDY SEITZ-KRUG

Quilt Las Vegas 2024 Judge

Cindy Seitz-Krug started quilting in 1992 when her mom signed her up for a quilting class at the community college in Ventura, California. After making that first quilt, she was immediately hooked on quilting.

Cindy considers herself a traditional quilter, but really likes innovative quilts which take traditional patterns and enhances them. Her strongest quilting asset is her machine quilting. From the moment she starts planning a quilt, she plans the quilting. Making the quilt even more beautiful through quilting is the part she enjoys most. She quilts all of her quilts on a Bernina 440 QE.

She has won many awards for her quilts in regional, national and international quilt shows, including various AQS shows, the Houston International Quilt Festival, the Pacific International Quilt Festival, Road to California, the NQA Show, the Best of the Valley Quilt Show, the Mid-Atlantic Quilt Festival, Quilt Odyssey, MQX East, HMQS, MQS, and of course in her home town of Bakersfield, the Cotton Patch Quilter's Quilt Show. Her biggest achievement to date has been winning Best of Show at the Lancaster AQS Show for her quilt, "Simply Santa Fe". She has also won the "Best Machine Quilting" award two years in a row at the AQS shows in Tennessee.

Cindy is a certified NACQJ Judge. She has a Bachelor of Science degree from Cal Poly, San Luis Obispo, in Environmental and Systematic Biology, with a concentration in Fisheries Biology. For more than 20 years, she and her husband owned an aquaculture facility in Bakersfield, CA, raising catfish for sale to grocers and restaurants. Recently they sold their fish farms and relocated to the White Mountains of Arizona.
