

# Class supply list and initial quilting instructions for phone bag

## Supplies

(3) Different fat quarters coordinating fabrics,

Decide which will be your front, back, & pocket lining, frame for clear pocket & strap.

ID them as front, back, & pocket lining, frame for clear pocket & strap

(2) 9 or 10-inch zippers, coordinate colors to fabric (Zippers can be longer) I've used two different colors.

(2) 10 inches, 1/8-inch ribbon to match colors of zippers

(1) 22x18 piece of thin batting

(1) Lightweight clear plastic for window approximately 6" x 8", you must be able to lay it over the phone and attach the frame to the front of purse leaving room to get it out. (The plastic has a paper lining insignia that is yellow or orange.)

(1) 55" approximate inches of 1" strapping for bag handle and key clip (any color because you will cover it) If you are taller than average, at the store, place an end on your hip then bring the strapping over your shoulder to the front of your body to the hip on the same side of body, add another 4 inches to the length if you want a key fob.

Walking foot

Heavy duty needle

Matching thread

Piece of computer paper

A blunt stylist or chopstick

Heavy duty needle

2) pre-wound bobbins

A jean a Ma-Jig used to help the foot to go over thick seams without skipping stitches. My Janome has a similar button plastic device.

### **Optional for key fob**

(1) (D) ring, there are usually two in the packet. Make sure it fits on your strap without bunching.

(1) Matching hook to make a key attachment.

### **Start by QUILTING the sandwich 18x22**

Take the front and back fabric right sides out, place batting between and quilt a Sandwich. You obviously can quilt what or how you want.

Sewing Instructions will come closer to class time.
