Supply List

- Sewing machine and basic sewing supplies
- Rotary mat, cutter, rulers (be prepared to cut strips)
- Thread, grey cotton
- ¼" foot
- storage zipper bags, optional

Fabric, 100% cotton

This quilt will use 2 ½" strips. You will need a variety of colors and/or prints. If you want to buy new then bring fat quarters, about 6 to 8 will make a baby quilt size. Precut everything into 2 ½" strips. Or a jelly roll or bali pop!

For your fabrics you can make it as scrappy as you like. The more the better. Just bring a good variety. This could be a good place to use a collection but it would be great in anything. Think about looking thru your stash to find things that might work together.

You also need one fabric for your background (but that could be scrappy too!) Just make sure you have good contrast. Borders are optional but not needed.

2 yards for background for baby quilt size. Light or dark. A plain or tone on tone is best. Just make sure you have good contrast

The more blocks you make the bigger the quilt will be!

This is for all skill levels but should not be your first quilt.
